DIGITAL AFRIKAANS LANGUAGE COURSE FOR GENERATION-Z

Afrikaans First Additional Language Grades 6–12

CURRICULUM

- › CAPS aligned
- › IEB aligned

TECHNOLOGY NEEDED

- Internet connection (2 MBPS) or mobile data (LTE or 4G)
- › Smart phone
 - › Tablet
 - › Computer

COMPONENTS

- › Hard copy KLIEK workbook and eCourse
- OR
- › KLIEK eCourse only

A NEW AND EXCITING WAY OF TEACHING LANGUAGE TO GENERATION-Z

- › Afrikaans is presented in an exciting way and packaged in a format that is appealing to Generation-Z.
- › All topics in the workbook are supported and enhanced by interactive exercises, games, animations and tests.
- › If exercises or tests are completed online, the results are available immediately to enable the learner to see which questions were answered incorrectly, and remedial feedback is provided to urge learners to learn from their mistakes. This generation requires instant gratification and feedback.
- › Using technology is second nature for Generation-Z and so it needs to be utilised to the benefit of the learner and to teach Afrikaans as a school subject.
- › Using technology makes learners enthusiastic about learning Afrikaans in a way that resonates with them.
- › A unique value proposition of this programme is that it enables self-driven/paced learning. A learner that falls behind in class can now effectively continue at home at his/her own pace.

(Generation-Z learners were born between 1995 and 2015)

CONTENT

The complete language curriculum is covered by KLIEK.

- › Phonics
- › Using a dictionary
- › Complete explanations of all basic language principles and concepts
- › Vocabulary extension
- › All creative writing formats are explained and represented in interesting examples
- › and much, much more ...

THE ROLE OF THE TEACHER

KLIEK is not intended to replace the role of the teacher, but rather to enable both teacher and learner to blend traditional learning practices with technology. The teacher can decide when and how the digital components are used to enrich and assist the learning journey within and outside the classroom.

TESTS AND EXERCISES

- › Activities and tests in the workbook and on the portal have 3 levels of difficulty:
Easy: Grades 6–8
Moderate: Grades 9–10
Advanced: Grades 11–12
- › The teacher can monitor the progress of each learner and identify areas of improvement for discussion with the learner. The KLIEK reporting suite also allows for teachers to pick up on class-wide trends which assists the teacher in adapting their classes according to learning needs.
- › A section with exam papers and tests is provided at the end of the eCourse for the exclusive use of the teacher.
- › Listening tests for all grades are also available for the sole use of the teacher.
- › Memorandums are available on the teacher platform.

LICENSE FOR THE USE OF THE PROGRAMME

- › The license for this programme is valid for a period of 2 years.
- › Each user needs to register and can create or change his/her own password.

DIGITALE AFRIKAANSE TAALKURSUS VIR GENERASIE-Z

Afrikaans Eerste Addisionele Taal Graad 6–12

KURRIKULUM

- › KABV-gerig
- › IEB-gerig

TEGNOLOGIE BENODIG

- Internet-verbinding (2 MBPS) of internet-data (LTE of 4G)
- › Slimfoon
 - › Tablet
 - › Rekenaar

KOMPONENTE

- › Harde kopie KLIK werkboek en KLIK e-kursus
- OF
- › KLIK e-kursus

'N NUWE, VARS MANIER VAN TAALONDERRIG VIR GENERASIE-Z

- › Afrikaans word op 'n nuwe en vars manier aangebied en praat die taal van generasie-Z.
- › Alle onderwerpe in die werkboek word ondersteun en aangevul met interaktiewe oefeninge, speletjies, animasie en toetse.
- › Terugvoer op verkeerde antwoorde verskyn onmiddellik en leerders leer uit hulle foute. Hulle word ook beloon met toekennings vir deelname en goeie vordering. Hierdie benadering maak voorsiening vir 'n generasie wat dadelik resultate en terugvoering wil hê.
- › Hierdie program maak ook voorsiening vir selfgedrewe leer en probleemoplossing. Die leerder kan dus moeilike konsepte op sy/haar eie tyd bemeester.
- › Tegnologie is tweede natuur by generasie-Z en daarom kan dit tot voordeel van die leerder asook Afrikaans as skoolvak aangewend word.
- › Die gebruik van tegnologie wakker entoesiasme aan om Afrikaans te leer op 'n manier wat aanklank vind by die hedendaagse leerder.

(Generasie-Z leerders gebore tussen 1995 en 2015)

INHOUD

Die volledige taalkurrikulum is in KLIK vervat.

- › Klanke
- › Woordeboekgebruik
- › Volledige verduidelikings van alle basiese taalbeginsels en -konsepte met oefeninge en toetse aan die einde van elke module
- › Woordeskatuitbreiding
- › Verduideliking van alle kreatiewe stelwerkformate met interessante voorbeelde
- › en soveel meer ...

DIE ROL VAN DIE ONDERWYSER

KLIK vervang nie die onderwyser/es nie, maar stel hom/haar in staat om die klaskamer te omskep in 'n lewendige digitale leerarea waar gemengde en geïntegreerde leer plaasvind. Die onderwyser beplan dus wanneer en hoe om die tegnologie in die klaskamer te gebruik en kan aanbeveel hoe dit buite klasverband gebruik kan word.

TOETSE EN OEFENINGE

- › Die boek en e-kursus bevat toetse op drie moeilikheidsgrade:
Maklik: Graad 6–8
Gemiddeld: Graad 9–10
Gevorderd: Graad 11–12
- › Die onderwyser kan 'n leerder se vordering op die platform monitor en fokus op die areas wat aandag nodig het.
- › Aan die einde van die e-kursus is daar eksamenvraestelle en toetse vir onderwysersgebruik beskikbaar.
- › Luistertoetse vir alle grade is ook vir die onderwyser beskikbaar.
- › Memorandums is op die onderwyser platform beskikbaar.

LISENSIE VIR DIE GEBUIK VAN DIE PROGRAM

- › Die program lisensie is vir twee jaar geldig.
- › Elke verbruiker registreer en kan sy/haar eie wagwoord skep en verander.
